## **Resignation of André Pravaz as Executive Director**

### **Confirmation of move to role of Executive Vice President, Worldwide Field Operations**

**SYDNEY, Australia – 3 February 2009** – The Board of Directors of Altium Ltd (ASX: ALU) has accepted the resignation of André Pravaz as an executive director, effective 3 February 2009. Mr Pravaz's resignation will enable him to focus full time on the Altium worldwide sales force in his role as Executive Vice President, Worldwide Field Operations, which was announced to the ASX on 14 August 2008.

The Board wishes to thank Mr Pravaz for his considerable contribution as a director and to recognize the positive contribution he has already made to the company in his new role.

Altium intends to continue to comply with ASX best practice by maintaining a board with a majority of independent non-executive directors, and will commence a search for a replacement for Mr Pravaz shortly.

ENDS

## About Altium

Altium Limited (ASX: ALU) provides next-generation electronics design solutions that break down the barriers to innovation. Altium's solutions are unique because they unify the separate processes of electronics design, all within a single electronics design environment, working off a single data model, linking all aspects of electronics product design into one process. This unified design environment helps electronics designers easily harness the latest devices and technologies, manage their projects across broad design 'ecosystems', and create connected, intelligent designs.

Founded in 1985, Altium has headquarters in Sydney, sales offices in the United States, Europe, Japan, China, and resellers in all other major markets. For more information, visit [www.altium.com](http://www.altium.com).
