Altium sales and revenue update for Q3 FY2010

SYDNEY, Australia – 14 April 2010 – Electronics design software company Altium Limited (ASX: ALU) has reported sales and revenue results for the quarter ending 31 March, 2010.

For the three months ending 31 March, 2010, Altium reports:

- Sales of US\$11.1 million, an increase of 14% over the equivalent period a year ago
- Revenue of US\$11.3 million, an increase of 13% over the equivalent period a year ago

As at March 31, 2010, the cash balance was US\$3.5 million.

Nick Martin, CEO of Altium, commented, "We still find ourselves in a very difficult climate, and while we need to be careful not to read too much into these results, there are some positive signs of change in Europe.

"Even though we are expecting to release a significant upgrade to our flagship Altium Designer product during Q4, and the momentum of companies switching to our design solutions continues, we will continue to manage things tightly in an unpredictable environment."

Summary results by region for the three months to 31 March, 2010

	<u>3 months ending</u> <u>31st March 2010</u> <u>(\$,000)</u>	<u>3 months ending</u> <u>31st March 2009</u> <u>(\$,000)</u>	<u>Change</u>

About Altium

Altium Limited (ASX:ALU) provides next-generation electronics design solutions that break down the barriers to innovation. Altium's solutions are unique because they unify the separate processes of electronics design, all within a single electronics design environment, working off a single data model, linking all aspects of electronics product design into one process. This unified design environment helps electronics designers easily harness the latest devices and technologies, manage their projects across broad design 'ecosystems', and create connected, intelligent designs.

Founded in 1985, Altium has headquarters in Sydney, sales offices in the United States, Europe, China, and resellers in all other major markets. For more information, visit www.altium.com.
