2. OWNERSHIP AND GRANT OF LICENSE

- 2.1. Ownership. The Licensed Materials are licensed to You, not sold. The Licensed Materials are the sole property of Altium and/or its licensors and are protected by all applicable Intellectual Property Rights and contract laws. In accepting this license, You acknowledge that all Intellectual Property Rights in the Licensed Materials are and will remain the sole property of Altium and/or its licensors. Nothing contained in this EULA will be construed as granting You by implication, estoppel or otherwise any ownership, license or other right except the licenses and rights expressly granted to You in this EULA or as provided by law.
- 2.2. Terms of License Granted. Upon payment of the applicable license fees, Altium hereby grants to You a non-exclusive, non-transferable license to:
 - 2.2.1. Use the Licensed Materials, solely for the design, simulation, implementation and manufacture of Licensed User Products, subject to all of Permitted Uses and the user number, geographic and other restrictions set forth in this EULA as they apply to the types of license(s) You have purchased from Altium.
 - 2.2.2. Make, have made, use, sell or otherwise distribute Licensed User Products developed from the Licensed Materials or, in Your discretion, incorporating all or any portion of the Libraries, on a worldwide basis to Your customers.
- 2.3. From time to time Altium may provide certain end-users with certain software that contains code for experimental testing and evaluation (which may be either alpha or beta, collectively "Beta Code"). The following provisions apply to such Beta Code:

- 2.3.1. Such Beta Code is provided to You as a beta tester under a temporary, nontransferable, nonexclusive license for experimental use to test and evaluate the Beta Code without charge for a limited period of time specified by Altium. In no event is Altium obligated to release any Beta Code commercially in any form. If You act as a beta tester of Beta Code for Altium, You agree to evaluate and test the Beta Code without compensation under conditions as directed by Altium. You further agree to communicate periodically with Altium to report on or discuss any malfunctions or suggested improvements to the Beta Code. You further agree that upon completion of Your evaluation and testing You will promptly send to Altium a written report summarizing Your evaluation of the Beta Code, including its strengths, weaknesses and recommended improvements.
- 2.3.2. You agree to maintain the Beta Code in confidence and to restrict access to the Beta Code, including the methods and concepts utilized therein, solely at that location and to those persons authorized by Altium to perform such beta testing. You agree that any written evaluations and all inventions, product improvements, modifications or developments that Altium conceives or makes during or subsequent to this EULA, including any based partly or wholly on Your evaluation and feedback, will be the exclusive property of Altium.
- 2.4. Restrictions on Use. This EULA grants You the right to install and use the Licensed Materials in accordance with the terms under which You have licensed the Licensed Materials from Altium. Notwithstanding the foregoing, Altium permits You to make a Temporary Use of the Licensed Materials so long as such use does not result in the use of more copies of the Licensed Materials than You are permitted to use at any given time, if Your license is so restricted hereunder. In the event that You desire to expand or extend Your use, or to migrate to different Products or functionality within any such Products You must notify Altium prior to any such expanded or extended use and arrange for the licensing of the applicable Licensed Materials.
- 2.4.1. In no event shall You: a) allow any of Your affiliates, subsidiaries or divisions, any portion of Your business located at a different geographic site, or third parties, to copy, have access to or use any portion whatsoever of the Licensed Materials unless You have licensed the Licensed Materials on a Continental License or Global License basis that would permit such use; notwithstanding the foregoing, You may make a Temporary Use of the Licensed Materials as stated in Section 2.3 above; b) allow any third party to have access to or use any portion whatsoever of the Licensed Materials, unless such access or use is in connection with a Temporary Use by You in carrying out a legitimate business purpose that does not otherwise violate the terms of this EULA, including but not limited to the restrictions on number of users, if such restrictions apply to Your license hereunder; c) make copies of the Licensed Materials for use by any of Your other affiliates, subsidiaries or divisions, or by any third party;

d) allow more than the number of permitted persons to access and use the Licensed Materials at any one time, (whether involving a single license or a license that allows multiple users), including any Temporary Uses, unless you have negotiated with Altium for a license that permits an unlimited number of users to access and use the Licensed Materials; e) allow persons not covered by the geographic scope of Your licenses to use the Licensed Material on a “floating” or other basis; or f) using the Licensed Materials in any way that is not in compliance with Permitted Uses.

2.4.2. In the event that You have licensed the Licensed Materials for use in connection with a single computer, You may install and use only a single copy thereof at any given time, and said copy may be used only by You; provided, however, that if You have licensed the Licensed Materials for use on a single computer: a) you may install a second copy of the Licensed Materials on a home computer solely for use in connection with, and governed by, the License granted herein, so long as such copy is never used simultaneously with the original copy; and b) You may make a back-up, archival copy thereof that You shall install and use only in the event the original copy of the Licensed Materials is lost, corrupted or in some other way made unavailable other than through use or possession by another person.

2.4.3. In the event that You have licensed the Licensed Materials on a Single Site License, Continental License or Global License basis, this EULA allows as many persons employed or hired as contractors (so long as such contractors have entered into an appropriate form of confidentiality agreement) by You to simultaneously use the Licensed Materials as are permitted under the license obtained from Altium. At no time shall You permit the number of persons that may access and/or use the Licensed Materials to exceed the number of persons for whom You have licensed the same, including in connection with any Temporary Use. You understand and agree that such use beyond that licensed hereunder, whether by allowing excess persons to use the Licensed Materials or otherwise, shall constitute not only breach of this EULA, but violation of national and international copyright and patent laws. **ENGAGING IN ANY USE OF THE LICENSED MATERIALS BY PERSONS BEYOND THE NUMBER PERMITTED TO USE THE SAME, AT SITES FOR WHICH THE LICENSED MATERIALS ARE NOT LICENSED (EXCEPT FOR PERMITTED TEMPORARY USES) OR BY PERSONS NOT AUTHORIZED UNDER YOUR LICENSE TO USE THEM SHALL RESULT IN IMMEDIATE TERMINATION OF THIS EULA, WHETHER OR NOT ALTIUM IS AWARE OF YOUR ACTIVITIES AT THE TIME OR DISCOVERS THEM LATER. ANY FURTHER USE OF THE LICENSED MATERIALS BY YOU SUBSEQUENT TO SUCH TERMINATION WILL EXPOSE YOU TO LIABILITY FOR COPYRIGHT INFRINGEMENT AND OTHER CLAIMS.**

2.4.4. You may increase the number of persons or sites permitted to use the Licensed Materials at any one time, or the features and functionality of Your Licensed Materials through Extensions or otherwise, by paying Altium additional license fees in accordance with then-applicable pricing, provided that such additional persons in no way access or use the Licensed Materials, or the additional functionality, prior to any such additional license fees being paid by You. In the event that any provision of this EULA is breached by You, the license granted herein shall automatically terminate, without further action by Altium and whether or not You abide by such termination. Failure of Altium to learn about any such breach shall not constitute a basis for You to assert that You are not in breach hereof, or that Altium has acquiesced in such breach.

3. FURTHER RESTRICTIONS ON USE, DISCLOSURE; THIRD-PARTY LICENSE RIGHTS

- 3.1. No Standalone Use of the Licensed Materials. In no event shall You be permitted to sell, license or otherwise commercialize the Licensed Materials as standalone products. You may include Libraries only within Licensed User Products.
- 3.2. No Assignment or Sharing. In no event shall You disclose, transfer, assign, publish, distribute, provide in a service bureau, rent, lease or in any other way make available to any other person the Licensed Materials or any part thereof without the prior written consent of Altium; provided, however, that You shall be permitted to make permitted Temporary Uses of the same, and/or include within any Licensed User Products the Libraries provided by Altium as part thereof. Such permission to use such Libraries in Licensed User Products shall not apply to or be permitted to be used in products that compete with the Licensed Materials.
- 3.3. No Copying, Reverse Engineering or Circumvention. Except where limited by local law, You understand and agree that in no event shall You make unauthorized copies of, decompile, reverse engineer, disassemble, modify, or otherwise reduce the Licensed Materials or any portion thereof to human-perceivable form, or disclose to any third person any portion of the Licensed Materials in human-perceivable form. You may not modify the Altium Products provided with the Licensed Materials so as to circumvent any restrictions on use afforded by the Altium Security System supplied with such Products no matter what the mechanism for such circumvention, including but not limited to any virtualization method or any method not yet devised.
- 3.4. Restrictions on Disclosure. You may not provide, disclose or in any other way make available to others, including but not limited to your affiliates, subsidiaries or divisions (unless You have licensed the Licensed Materials in such a way as to permit such use or in connection with a permitted Temporary Use), or any third parties, any of the Licensed Materials without the prior written permission of Altium; provided, however, that You may provide device programming files, namely bit-stream files or PROM files, to third persons without such prior approval solely for use in the manufacturing

of Licensed User Products. In the event that You hire or engage any contractor to assist You in connection with the installation, implementation or other use of the Licensed Materials, You shall first determine that said contractor is not employed or engaged by any direct competitor of Altium, and in the event such contractor is so employed or engaged, You shall in no event give such person access to the Licensed Materials; in the event such contractor is not employed by or engaged by a direct competitor of Altium, You shall ensure that such contractor has entered into an appropriate confidentiality agreement that protects the Licensed Materials in a manner consistent with the confidentiality and other provisions in this EULA.

3.5. Third-Party Licenses. **THE LICENSE RIGHTS GRANTED IN THIS EULA ARE TO THE LICENSED MATERIALS DEVELOPED SOLELY BY OR FOR ALTIUM. YOU UNDERSTAND AND AGREE THAT THE LICENSED MATERIALS MAY CONTAIN COMPUTER SOFTWARE AND INTELLECTUAL PROPERTY BELONGING TO THIRD PARTIES, AND THAT THE LICENSE TO SUCH THIRD-PARTY COMPUTER SOFTWARE AND INTELLECTUAL PROPERTY EXTENDS ONLY TO THEIR USE FOR DEVELOPMENT PURPOSES. YOU UNDERSTAND AND AGREE THAT IT IS YOUR SOLE OBLIGATION AND RESPONSIBILITY, AND IN NO EVENT ALTIUM'S OBLIGATION OR RESPONSIBILITY, TO DETERMINE WHAT, IF ANY, THIRD-PARTY LICENSES YOU MUST OBTAIN IN CONNECTION WITH SUCH THIRD-PARTY COMPUTER SOFTWARE OR INTELLECTUAL PROPERTY IN THE EVENT YOU DESIRE TO DISTRIBUTE COMMERCIAL PRODUCTS THAT INCORPORATE OR ARE BASED UPON SUCH THIRD-PARTY COMPUTER SOFTWARE AND/OR INTELLECTUAL PROPERTY. YOU AGREE TO INDEMNIFY, DEFEND AND HOLD ALTIUM, AND ALTIUM'S OFFICERS, DIRECTORS, EMPLOYEES, SUBSIDIARIES, AFFILIATES, RESELLERS AND DISTRIBUTORS COMPLETELY HARMLESS FROM ANY AND ALL LIABILITY, INCLUDING BUT NOT LIMITED TO ATTORNEYS' FEES AND EXPERTS' FEES, ASSOCIATED IN ANY MANNER WITH YOUR FAILURE TO OBTAIN OR PROPERLY MAINTAIN ANY SUCH REQUIRED THIRD-PARTY LICENSES.**

3.6. Indemnification for Specified Applications. In the event that You use the Licensed Materials in connection with one or more of the following applications You shall indemnify, defend and hold Altium and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, expenses, and reasonable attorney fees arising out of, directly or indirectly, any claim of personal injury, death, or other damages associated with such unintended or unauthorized use, even if such claim alleges that Altium was negligent regarding the design of the Licensed Materials: the operation of weapons, weapons systems, nuclear installations, means of mass transportation, aviation, life-support computers or equipment (including resuscitation equipment and surgical implants), pollution control, hazardous substances management, or for any other application in which the failure of the Licensed User Products could create a situation where personal injury or death may occur.

3.7. Compliance Certification. During the term of this Agreement Altium shall have the right to request that You provide within thirty (30) days of receipt of Altium's written request sufficient documentation to support, and certification of, use of the Licensed Materials in compliance with this EULA's terms and conditions.

4. INTELLECTUAL PROPERTY RIGHTS

You acknowledge that all Intellectual Property Rights in the Licensed Materials are and will remain the sole property of Altium or its licensors. Nothing contained in this EULA will be construed as conferring by implication, estoppel or otherwise upon You any ownership, license or other right except the licenses and rights expressly granted herein to You. Inclusion of any Libraries within Licensed User Products in no way confers upon You any ownership or other rights in such Libraries, or in any derivative works thereof.

5. CONFIDENTIALITY

You acknowledge and agree that the Licensed Materials and all other information provided to you by Altium or its resellers or distributors under this EULA are to be held by You in confidence, and are not to be disclosed except as permitted by this EULA. You acknowledge and agree that the Licensed Materials constitute the trade secrets and proprietary information of Altium and/or third parties. You agree that You shall make the Licensed Materials available only to Your employees or to consultants/independent contractors who are not working for any competitor of Altium and who have entered into a confidentiality agreement with You sufficient to protect Altium's Intellectual Property Rights in the Licensed Materials. You agree to use sufficient safeguards to ensure the confidentiality of Altium's Licensed Materials, and in no event less than the standard of protection used generally in the semiconductor or EDA industry for similar materials.

6. ONLINE SERVICES

6.1. Online Services Availability and Use. The Licensed Materials may rely upon or facilitate Your access to websites that are maintained by Altium or others offering goods or services ("Online Services" herein). Your access to and use of any such website, or of any such Online Services, is completely governed by the terms, conditions and disclaimers that exist on such website, or in connection with such Online Services. Altium may at any time, in its sole discretion, eliminate, alter or modify the availability of any such website or any such Online Services.

6.2. No Connection with Third Party Online Services Providers. Altium does not control, endorse or accept any responsibility or liability in connection with websites or Online Services provided by any third party, even if Altium includes references or links to such websites on its own website. Any communications or other dealings between You and any third party in connection with access to or use of any such website or Online Services, including but not limited to delivery and

payment terms, are solely between You and such third party. In no event shall Altium be liable to You for any failures, deficiencies or errors in complying with applicable laws by such third party website or Online Service providers.

6.3. Your Risk. **EXCEPT AS EXPRESSLY AGREED TO BY ALTIUM IN A SEPARATE, SIGNED WRITTEN AGREEMENT, YOU UNDERSTAND AND AGREE THAT ANY ACCESS TO OR USE OF THIRD-PARTY WEBSITES OR ONLINE SERVICES IS AT YOUR COMPLETE RISK AND SUBJECT TO THOSE LIMITATIONS SET FORTH IN SECTIONS 12 AND 13, BELOW.**

6.4. Internet Based License Management System. In the event that you have licensed the Licensed Materials from Altium on an on-demand basis, such that Your access to the same is through the Internet Based License Management System, You understand and agree that nothing herein shall constitute a guarantee or warranty that such Internet Based License Management System shall be available to You at any and all times, and You understand and agree that such Internet Based License Management System may be inaccessible at times due to maintenance, error fixing or other reasons.

7. ALTIUM SUBSCRIPTION SERVICES

7.1. Altium and/or its resellers/distributors offer Altium Subscription Services on a yearly, non-refundable basis or on an extended basis if specifically purchased by You. If You elect to purchase the Altium Subscription Services as part of Your initial license of Licensed Materials, at a later date, or through the renewal process (existing customers) such election shall be in accordance with the terms and conditions in this Section 7.

8.3. Billing and Payment. Hosted Services are billed and must be paid for on an annual basis only, in advance. All Hosted Services fees are non-refundable. As with Subscription Services You may elect automatic payment of any renewal fees for Hosted Services, but in no event are You obligated to do so, and even if You do at any one point You may later revoke such authorization. If You do elect automatic renewal then You agree to provide Altium with current, valid credit card information for use in such renewal process. TERRITORY-SPECIFIC MODIFICATIONS TO EULA

The following replace specific provisions in this EULA if You acquired the Licensed Materials in certain European Union member states; such provisions shall have no applicability to any Licensed Materials obtained outside of these countries:

Section 3.3 of this EULA is modified to add the following:

Nothing included in this EULA (including this Section 3.3) shall limit any non-waivable right to decompile the licensed software that you may enjoy under mandatory law. For example, if you are located in certain member states of the European Union (EU), you may have the right upon certain conditions specified in the applicable law to decompile the software if it is necessary to do so in order to achieve interoperability of the Software with another software program, and you have first asked Altium in writing to provide the information necessary to achieve such interoperability and Altium has not made such information available. In addition, such decompilation may only be done by you or someone else entitled to use a copy of the software on your behalf. Altium has the right to impose reasonable conditions before providing such information. Any information supplied by Altium or obtained by you, as permitted hereunder, may only be used by you for the purpose described herein and may not be disclosed to any third party or used to create any software which is substantially similar to the expression of the software or used for any other act which infringes Altium's or its licensors' copyright rights.

Section 12 of this EULA is modified to read as follows:

Subject to Section 13 as modified for Licensed Materials that are purchased in certain member states of the EU, Altium excludes all warranties only to the extent permitted by the law therein; liability for any breach of warranty is excluded except when due to Altium's gross negligence or intentional misconduct. A claim for damages arising from a defect in the Licensed Materials is only permissible if Altium fraudulently conceals such defect but in all cases subject to any statutory claims afforded to You by local law.

Section 13 of this EULA is modified to read as follows:

Altium's statutory liability for damages shall be limited as follows: (a) In the case of intentional conduct or gross negligence by Altium its liability shall be unlimited for all resulting damage; (b) in the case of ordinary negligence Altium's liability shall be unlimited in the case of injury to life , limb or health; (c) Altium shall be liable only up to the amount of damages as typically foreseeable at the time of entering into the license agreement in respect of damages caused by a slightly negligent breach of a material contractual obligation; and (d) Altium shall not be liable for damages caused by a slightly negligent breach of a non-material contractual obligation. The aforesaid limitation of liability shall not apply to any mandatory statutory liability, in particular, to liability under the German Product Liability Act, liability for assuming a specific guarantee or liability for culpably caused personal injuries. You are required to take all reasonable measures to avoid and reduce damages, in particular to make back-up copies of the licensed software and your computer data subject to the provisions of this EULA.
