

Altium Q3 Sales and Revenue Update for FY13

Solid sales growth in all regions

Sydney, Australia – 4 April 2013 - Electronics design software company Altium Limited (ASX:ALU) has reported sales and revenue results for the quarter ending 31 March 2013.

Third quarter update

- Sales of US\$16.8 million, an increase of 15% compared to the previous corresponding period
- Revenue of US\$14.5 million, an increase of 5% compared to the previous corresponding period
- Cash balance of US\$11.8 million as at 31 March 2013, up from US\$9.5 million as at 31 December 2012
- Year to date sales growth of 10%

Comments from Richard Leon, CFO

Worldwide sales growth of 15% during the March quarter is in line with our expectations, with all regions experiencing sales growth for the period. While we welcome this result, we are aware of the quarterly seasonal fluctuations in our sales growth. On an average quarterly basis, we have achieved a sales growth rate of 10% over the first three quarters of FY13.

Our commitment to continue to build financial strength will focus on the delivery of sustainable and positive quarterly sales growth, while managing costs tightly.
